ANNUAL REPORT
FY 2025

WHEN ANCHORAGE CALLS, WE ANSWER.

Dear Friends,

When a family faces an unexpected crisis, when a young person needs a pathway to opportunity, when our community rallies to support Alaskans—we're there, bringing people together, connecting resources, and creating solutions to help people thrive.

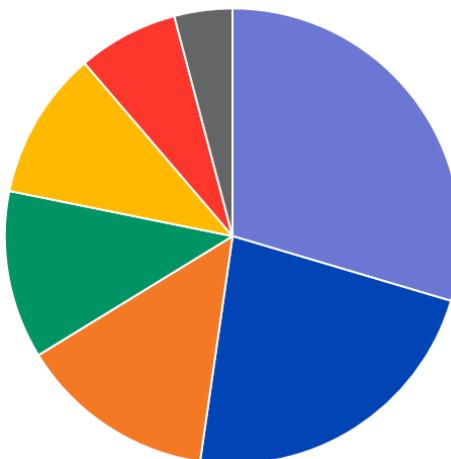

This past year, thousands of neighbors, like you, invested time, resources, and expertise to strengthen our community. These numbers tell an important story, but the real impact lives in moments that we see every day: a single parent landing a good-paying job after career training; a senior getting the health care that they need to remain independent; a teenager discovering their potential through an after-school program.

FINANCIAL SECURITY

WHEN YOU HAVE A HOME, YOUR HARD WORK REALLY PAYS OFF.

Working together with our many partners and you is how we ensure that our hardworking neighbors can make ends meet today and build stability for tomorrow.

A financially secure future begins with a safe roof over your head. Our efforts to prevent homelessness lay the foundation for people to focus on other long-term needs, like job training and learning to manage a household budget. We coordinate across landlords, service providers, and government partners to create stability that no single organization can achieve alone.
